

Google 2 Step Verification

Once in your account you need to set up 2-Step Verification. **This is required and enforced by the University and you will be locked out of your account if you do not set this up.**

Click your account at the top right of the screen. Then click “Manage Your Google Account”.

You will be taken to this screen. Click “Security”.

Google 2 Step Verification

You will be taken to this screen.

How you sign in to Google
Make sure you can always access your Google Account by keeping this information up to date

 2-Step Verification	2-Step Verification is off	>
 Password	Last changed 8:39 AM	>
 Skip password when possible		>

As you can see 2-Step verification is off. Click somewhere on the 2-Step verification line. On the next screen click “Turn on 2-Step verification”

Google 2 Step Verification

← 2-Step Verification

Turn on 2-Step Verification

Prevent hackers from accessing your account with an additional layer of security.

Unless you're signing in with a passkey, you'll be asked to complete the most secure second step available on your account. You can update your second steps and sign-in options any time in your settings. [Go to Security Settings](#) ⇄

Turn on 2-Step Verification

Second steps

Make sure you can access your Google Account by keeping this information up to date and adding more sign-in options

-  Passkeys and security keys  Add a security key >
-  Google prompt >
-  Authenticator  Add authenticator app >
-  Phone number  Add a phone number +

As you can see there are a variety of different methods you can use for 2-Step verification. Pick what is best for you. *Note that if you are using Authenticator for your DePauw University Microsoft accounts it can also be used for Google.

Google 2 Step Verification

Please note that you can set up your method for 2-Step without turning 2-Step on please make sure that before you leave this screen that the option says to turn off not on.
